President  
The Rockefeller University

Dear Dr. Lederberg:

Many thanks for your memo. I've made an appointment to see you on Tuesday, April 3rd. For the meantime, and to specifically answer your query, on page three of the memo I meant both things.

It is clear to me that George does not want to go to Princeton and would much prefer to recast his efforts in the bio-medical model. If that is not workable, then I have ideas on how to organize a new bio-psychology staff consistent with the objectives of the memo.

Cordially,
